

# HOW TO USE AND SEARCH THE PME SYSTEM

PME Manual

To find information within the PME system, it is recommended to use the PME detailed chapter version guide (from page 3 below)

Searching the detailed guide is the recommended options as it will show the contents of each chapter and pick up the key words. Such as search gutters whilst reading this guide. You will find it is in chapter/folder 3 of the system.

Remember, we are an email away for any best practice advice and support if needed. [Email us for support.](#)

**Members should always refer to PME member online to ensure the agency is using the most up to date version of the PME manual and best practice templates.**

Welcome to the PME manual and the PME system - Stacey Holt - Author of PME

Company Director - Real Estate Excellence Academy Pty Ltd

PME is an acronym for Property Management Excellence. The PME system includes the PME manual divided into 39 chapters, training videos and hundreds of best practice form/email templates. Your agency also has a tenancy sign up link from you tube to enable effective time management, risk management and to ensure tenants are receiving the same information each time they enter into a tenancy agreement with your agency. If your agency ever misplaces the link, simply email us to receive.

PME member offices need to ensure their agency refers to the online version of the PME manual, as the online version has the most up to date information and is most current. The version number is on the footer of each page. The versions are updated online as required due to best practice changes, QCAT cases and or legislative updates. If your agency is ever in doubt as to the current version number, please email Real Estate Excellence or refer to [www.realestateexcellence.com.au](http://www.realestateexcellence.com.au). Members are advised of version updates via the member update service each month emailed to members (as per email addresses provided by the agency to Real Estate Excellence). The Member updates are also available to view online in the Member Updates folder. If an urgent change is needed to the PME manual due to a QCAT case and or legislative change, emails are sent to the main contact of the office to advise that an update to the manual has occurred.

Contents of the PME Manual | The chapter heading, and contents of the chapter are set out below.
